

June 2, 2022

Dear Washington Central Community,

Washington County's CDC community level was updated this afternoon to low. That means that masks will remain optional in our schools again this week.

It has come to my attention that some community members have received emails this week that look like they are from me or one of our principals. They typically ask something like, "Are you available?" If you respond, you might then be prompted to answer more questions and ultimately be asked to provide something like a gift card. These emails are from fake accounts. This recent activity underscores the importance of ongoing vigilance and education about cybersecurity. Administrators in our district will only ever reach out to you from our work email accounts. Please do not respond to anything that doesn't end in our standard email convention. Please reach out if you have any questions.

As I mentioned last week, the topic of last night's school board community forum was our draft continuous improvement plan (CIP). If you are interested in learning more and/or providing feedback, it's not too late. You may view this [15 minute video](#) (the passcode is C3q!j+x4) and submit this [feedback form](#) no later than tomorrow. We will revise the draft CIP accordingly and bring it to the school board for approval on June 15.

These last few weeks of school are always busy ones marked with many celebrations of learning, final projects, and special events. Let's finish strong together!

As always, please reach out if you have any questions or concerns. I can be reached at [jmillerarsenault@u32.org](mailto:jmillerarsenault@u32.org) or 229-0553.

Warmly,

Jen Miller-Arsenault

Interim Superintendent
